SIERRA COMPANY IS PUSHING ITS WORK

Successor to Green Company
Proposes to Erect an Electric Plant.

The first annual report of the Sierra Consolidated Mines company has just been issued. The organization of the company was completed early in September, 1909. This report and statements are for a period of eight months, from Nov. 11, 1909, to June 30, 1910, and cover the business operations of the company. This is the organization which took over the Green Gold and Silver company's holdings.

Through stock ownership the company owns and controls over 75 mining claims at or near Ocampo, district of Rayon, Chihuahua, Mexico, and also owns and controls over 190,000 acres of land in the same district, including all water rights and timber thereto; and in case mineral is discovered the company has the right to denounce the same. The company also owns town lots in Ocampo. The main office is in Durhau, Minn.

The titles to all the properties are in a Mexican corporation, called the Sierra Mining company, S. A., which is the operating company in Mexico, and all the capital stock of which is owned by the Sierra Consolidated Mines company.

Development Work.

Thirteen of the mining claims cover an area over four miles long and two miles wide.

The principal mining operation was confined to the Madera, Belen and Santa Edwiges. In all, 27,000 feet of development work has been completed since the commencement of the operation. Of this 18,115 feet have been driven in the Matulera, 3,112 feet in the Santa Edwiges and 68 feet in the Belen. On June 30, 1910, the development work had exposed a tonnage in the Matulera mine of between 40,000 and 50,000 tons of ore of an average grade of \$10 per ton. United States currency.

The company is developing at the rate of not to exceed \$10,000 to \$15,000 per month.

All Properties Consolidated.

It was considered advisable by the management to consolidate under the Mexican law the various mines and mining claims owned by the company. This necessitated a complete survey and the application for new patents. All the contiguous mining claims are thus consolidated into one entire claim. A survey has been completed and all the boundary monuments have been constructed by the company in accordance with the new mining law.

Transportation.

The Ocampo camp has no railroad facilities, being by trail about 37 miles from Minas, and by wagon road 110 miles from Temascaliche. The Mexican North Western, between Madera and Chaco Grandes, will make a direct line of railroad from El Paso to Temascaliche and, connecting with the long road from Temascaliche to Ocampo, will become an important artery of traffic.

During the period covered by this report the average monthly working force has been about 170 men, all Mexicans except 15 Americans. Development work from now on will proceed

To Eradicate Skin Rashes

Skin rashes or redness that appear on your face, hands, arms, legs, back or body should be treated at once with Lister's Liquid Sulphur Compound. Not only are they bad themselves, but they are often the harbinger of serious disease. Unless you've had Eczema, you can't conceive of the horrible itching, burning, maddening pain. Whether you're just at the beginning or far along in your suffering Lister's Liquid Sulphur Compound will quickly stop the irritation and eradicate the disease by penetrating the pores and killing all germs. Best treatment for skin diseases—Eczema, rashes, pimples, sores, blisters, picky heat, etc. Sample bottle sent postpaid. 10c. Rhubarb-Sulphur, St. Louis, Mo.

FIRE

Fire Sale Specials for Friday

At the Texas St. Store

Sale of Silks

20,000 yards of silks that were slightly damaged by water, worth regularly up to \$1.50 yard, will be on sale tomorrow at

15 cents per yard

NOTE—Many of these silks are the newest fall shades and patterns, and had arrived just a day or two before the fire. Some can be cleaned and all can be dyed at a nominal cost—thus giving you beautiful, serviceable silks for almost nothing.

Extra Special

Coat's Spool Cotton will be on sale tomorrow at the Texas St. Store—**1c PER SPOOL.**

Special Note

Remodeling goes right ahead at the E. B. Welch Co.'s former store. New goods are arriving daily, and we expect to be ready for regular business within three weeks.

Calisher's
J. Calisher Dry Goods Co. Incorporated

Advance Notice

Saturday will be one of the most interesting days of the entire Fire Sale. The two principal items are—

At the Stanton St. Store we will place on sale Saturday morning the entire salvage stock of Toilet Articles. Fully \$2,000.00 worth of toilet articles was saved! The prices we will make on toilet articles will be the most remarkable of any throughout the entire sale.

At the Texas St. Store, Saturday morning we place on sale the entire salvage stock of Toilet Articles. Fully \$2,000.00 worth of toilet articles was saved! The prices we will make on toilet articles will be the most remarkable of any throughout the entire sale.

At the Stanton St. Store

Sale of Underwear

500 dozen pieces of underwear were saved. Most of these garments are scarcely damaged. The boxes are slightly smoked, but the garments are unimpaired. They comprise wool vests, pants and union suits—most of them the famous "Munsing" make—in sizes for women, misses and children. Tomorrow will be the time to buy your full supply of winter underwear!

Special Note

Included in the underwear sale tomorrow are Reubens Vests—in both silk and wool.

SALE

CLARA COMPANY RESUMES ACTIVE DEVELOPMENT WORK

Phoenix, Ariz., Aug. 2.—A letter received from an official of the Clara Consolidated company at Swartz, Ariz., announces that the Clara company has resumed normal conditions, all construction work having been completed and the construction crews laid off. A large steam hoist has been installed on the No. 5 shaft and mining on the same is being rushed. The shaft has attained a depth of about 200 feet and has about 900 more to go to encounter the ore body that was found in the 4,000 ft. hole.

LOW GRADE COPPER. Copper was once supposed to occur in only a few places in the United States, but it is now known to be widespread. Some of the most intensive fields of low grade copper in the United States are in Llano and El Paso counties, Texas. Ores running two to three percent copper can be made to pay by proper treatment.

This company is also the owner of the El Temblor mine, eight miles from El Tigre mine. Here, also, a good force of men is at work and considerable shipping ore has been taken out and is ready for shipment as soon as the river will permit its transportation to the railroad. A good wagon road connecting the two properties is being built and is near completion.

Summer Concerts

HERE IS A REMEDY THAT WILL CURE ECZEMA

WE PROVE IT. Why waste time and money experimenting with greasy salves and lotions? Knoblauch's Skin when the Knoblauch Drug Store guarantees ZEMO, a cream liquid preparation for external use to fit the skin of the germ life that causes the trouble? One application will relieve the itching and often times one bottle is sufficient to cure a minor case of eczema.

Knoblauch has been developing a silver-leaded mine for the past two years. This mine at the present time is producing a good tonnage of ore, ranging from 10 ounces to 150 ounces silver to the ton. The output of this mine is being reduced in order to smelt and to save handicraft.

Henry Burrows, general manager of the Tri-State Development company, of which E. A. Stillwell is the S. C. G. Co.

Knoblauch Drug Store.
